

PERMANENT FRAMES

STEEL, STAINLESS OR ALUMINUM

Economical and practical

Group P.N.F. Inc. manufactures a full range of steel, stainless and aluminum channels of different thicknesses in standard or custom sizes.

CHARACTERISTICS

- Suitable for any standard size frame supports;
- Suitable for any media;
- 26 gauge galvanized steel "U" channel (22 gauge also available);
- Available in rods (without notches);
- 3/4 inch or 1 3/4 inch thick.

ADVANTAGES

- More economical than a disposable filter (The cost of the channels is quickly recovered after only a few replacements);
- Filtering media replaced quickly and easily.
